For my **MATH 1210** class, you are expected to:

- **Come to class on time**
  - attend every class unless you are ill
  - arrive before class begins
  - stay until class ends

- **Be prepared for class**
  - study in advance the section to be covered
  - try some of the textbook problems
  - bring your textbook
  - bring a notebook for taking notes
  - bring a calculator and be ready to use it
  - participate in class by helping your neighbor, getting help from your neighbor, asking for help from instructor, responding to instructor’s questions, commenting, etc.

- **Do assigned homework in MyMathLab outside of class**
  - homework is an extension of the learning that takes place in class and provides opportunities for independent study, research, and creative thinking
  - plan ahead so you have sufficient time to complete work thoughtfully
  - establish a routine time and quiet place for completing assignments
  - when you are having difficulty with homework, contact your instructor
  - homework is worth 25% of your grade
  - late homework will not be accepted

- **Be aware of you grade status**
  - check your status sheet sent to you every Friday via your CNM-assigned e-mail address
  - interpret the status sheet to determine how you are doing in the class
  - note assignments you have not completed and are past due
  - contact instructor immediately with any concerns

- **Be prepared for quizzes**
  - study your notes from lecture
  - complete the MyMathLab homework in a timely manner
  - complete some textbook problems
  - make time to visit instructor’s office hours when needed
